Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/27/2006 has been entered.

Claim Rejections - 35 USC § 103

2. Claims 1, 1,2,4,5,8-24 and 27-54 are rejected under 35 U.S.C. 103(a) as being unpatentable over Risafi et al.(US 6473500B1) and Walker et al. (US 6240396B1).

As per claims 1,2,4,5,8-24 and 27-54: Risofi et al. disclose configuring an issuing system to interface an electronic communications network and charge settlement setup, configuring the charge settlement network, selling a user a cash card, setting up new prepaid account, associating the prepaid account with the cash card number(Abstract, col. 3, line 50 – col. 5, line 20). However, Walker et al. does teach receiving a plurality of financial account numbers(claims 4, 5,7). Therefore, it would have been obvious to one of ordinary skill in the art the time the Applicant's invention was made to modify the teachings of Risofi et al. to include the step of Walker et al. The motivation to combine these references is to enable more than one charge number to be received or provided.
